General data:

- color: **white,**
- installation site: **for installation in the ceiling,**
- place of application: **inside.**

Specifications:

- rated voltage [V]: **220-240 AC,**
- rated frequency [Hz]: 50,
- colour temperature: 3000K (WW), 4000K (NW),
- durability [h]: 30000,
- number of on/off cycles: ≥ 15000 ,
- lighting angle [°]: 120,
- protection class against electric shock: **II,**
- the ambient temperature range at which it may be exposed product [°C]: 5÷25,
- housing material: **plastic,**
- protective glass material: **PMMA,**
- IP rate: **65/20 (main body/driver).**
