

A photograph showing a young boy and a woman interacting with a Kanlux LED light wall. The boy is on the left, wearing glasses and a light blue shirt, reaching out to touch the glowing light lines. The woman is on the right, also wearing glasses, holding one of the light lines. The light wall is a large, dark panel with glowing yellow and orange lines that form abstract shapes. Above the light wall, on a shelf, are several small, colorful figurines, including a Minion and a character with a red head. The room is dimly lit, with the primary light source being the Kanlux light wall. In the top left corner, there is a blue triangular graphic with the Kanlux logo in white. In the bottom right corner, there is a blue banner with the text 'Akcesoria Neon LED' in white.
