KANLUX **LCOB 10W/M 12V**

Лентите LCOB 48V са проектирани за професионални инсталации, изискващи дълги, еднородни светлинни линии. По-високото напрежение на захранването ефективно ограничава падането на напрежението, което се изразява в по-голяма ефективност и по-малко точки на захранване и връзки. Благодарение на това монтажът е по-лесен, а инсталацията – по-бърза. Лентите са идеални за осветление в офис пространства, хотели и модерни търговски интериори.

• 3-годишна Гаранция при спазване на гаранционните условия, достъпни в уебсайта

12V
