Kanlux FRANCO II LED is a streamlined, discreet and at the same time elegant floor lamp. Great as desk lighting, but also as additional room lighting or a night lamp. A convenient solution is the ability to adjust the light intensity, thanks to which we can adjust the brightness of the lighting to our needs and time of day, as well as a flexible arm that will help us position the lamp so that it illuminates the desired place.

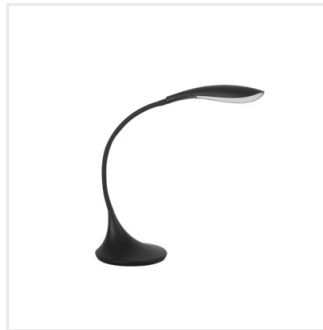

- Enclosure material: plastic
- Lampshade material: plastic
