RAPID HI v2 E27-NW	<b>22954</b>	13	99	1520	4000	180	E27	E

Kanlux RAPID E27 sources were made with the highest attention to every detail.

Kanlux RAPID HI versions are high-power light sources (equivalent to traditional 100 W bulbs).

They are distinguished by high luminous flux and luminous efficiency reaching almost 117 lm / W.

An additional advantage of these LED lamps is the hybrid housing design.

- Material: plastic
- Lampshade material: plastic
