Kanlux MOD 12-24W CCT

The Kanlux MOD-CCT is a universal light source that allows you to easily replace existing bulbs in luminaires with a modern LED module. A single product offers multiple power options – 12W, 18W, and 24W – and a range of colour temperatures: 3000K, 3500K, 4000K, 5000K, or 6000K. With a luminous flux of up to 2880 lm, it delivers high efficiency, while its flexible configuration allows perfect adjustment of the lighting to the character of the interior and current requirements.

- 3 years Warranty under the terms of the warranty statement, available on our website
