SEMPRA EL-4I B-SR	33097	4 x max 35	black

Kanlux SEMPRA is a series of elegant spots in black and white or black and silver. Thanks to the original slat, on which the lampshades are mounted, all models will be perfect for both ceiling and wall applications - this gives us new possibilities of arranging room lighting. A very interesting solution is the possibility of vertical mounting of a luminaire with up to 4 light sources on the wall.

- Enclosure material: steel
