Kanlux BLINGO LED are backlight panels. They are equipped with a junction box with a quick connector, which allows for connecting panels with each other, and also speeds up their assembly. In the new models of the well-known Kanlux BLINGO LED panels, we have introduced an integrated power supply, thanks to which we can place them in the appropriate Kanlux ADTR frame and perform surface mounting of the panels.

- 5 years Warranty under the terms of the warranty statement, available on our website
- Enclosure material: iron

Date of issue: 25.08.2023, 12:15

We reserve the right to make technical changes. The data contained in this material are not legally binding.
