A decorative version of a bulb of atypical shape. Kanlux XLED ST64 DECO will help you take care of a cosy atmosphere. All thanks to a very warm colour of the light and an amber glass in which a spiral LED filament is enclosed. This bulb will look beautiful in table lamps, floor lamps or hanging lamps with an open lampshade. It will be a true decoration of your house, café, restaurant and any other place in which you will install it. It is an exceptional combination of a decorative nature, an unusual designer shape and LED energy-efficient technology.

- Lampshade material: glass
