XLED G95 4W-SW	<b>33518</b>	4	25	250	1800	320	E27

A decorative version of the GLOBE-type bulb. Kanlux XLED G95 will let you create a very cosy atmosphere. All thanks to a very warm colour of the light and an amber glass in which a spiral LED filament is enclosed. This ball of light will become a decoration of your house, café, restaurant and any other place in which you will install it. It is an exceptional combination of a decorative nature and a modern energy-efficient LED technology.

- Lampshade material: glass
