KANLUX XLED EX A60

EXTREMELY efficient light sources Kanlux XLED EX A60. The above-average luminous efficiency of 211 lumens per watt makes these LED bulbs 15 times more efficient than their traditional, standard predecessors. 5-year warranty, 50,000 hours of durability, 50,000 on/off cycles are their other advantages. In addition, they have a glass bulb and filament "rods" that resemble tungsten bulbs, but use the latest achievements of LED technology.

- 5 years Warranty under the terms of the warranty statement, available on our website
