USTI SP 2X7 GR	36560	2 x max 7	PAR16 LED	GU10	anthracite
USTI SP 1X7 GR	36561	max 7	PAR16 LED	GU10	anthracite

Kanlux USTI luminaires are ideal for directional illumination of greenery, rockeries, facades or interesting architectural elements that we want to emphasise. The design with a movable head allows you to freely adjust and direct the light in the desired way. There are two options - luminaires with one or two light points (the luminous elements can be adjusted independently of each other). Kanlux USTI garden luminaires are adapted to light sources with a GU10 base.

- Enclosure material: aluminum alloy
- Lampshade material: glass
