# Kanlux 37397   BOLA LED 2xUSB WW W

Kanlux BOLA LED is a plug-in LED lamp with two USB ports (A and C). The lamp can operate in one of three modes - ON - permanently on/OFF - permanently off/AUTO - turns on at low light intensity (the lamp has a twilight sensor). Thanks to the USB ports, the lamp can also function as a charger for mobile devices. Kanlux BOLA emits gentle night light (4 lumens) at a warm white temperature.
