The Kanlux STONO MILK USB wireless pendant lamp is practical and elegant solution for the garden, terrace, balcony or plot. Its oval shape and milky shade make the light diffuse, but intense enough. Every evening spent outdoors will be safe and successful with Kanlux STONO MILK. Its wireless design means you can move it anywhere and illuminate every corner of the garden or terrace with this extraordinary decoration. Thanks to the flexible suspension, you can mount the lamp anywhere and, when necessary, move it to wherever you need additional lighting, or even take it with you when traveling. Thanks to the possibility of charging via USB and three levels of light brightness, you can adjust the lighting to your current needs. The high degree of tightness IP54 guarantees that the Kanlux STONO MILK USB lamp is safe even in the rain.

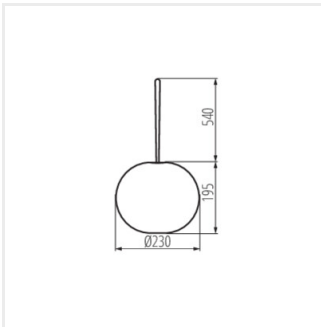

- Enclosure material: plastic
- Lampshade material: plastic
