

Kanlux

Kanlux XERTO EL

Kanlux XERTO is a minimalist LED facade luminaire with a movable module that allows you to direct light onto facades, terraces, or driveways. The color temperature is adjustable between 3000K/4000K/6500K, and the luminaire is available in versions without a sensor (IP65) and with a motion and twilight sensor (IP44). The sensor version offers a standard mode with adjustable lighting time and range, as well as a continuous mode. The luminaire is covered by a 3-year warranty, combining functionality with elegant design.
