

Kanlux

KANLUX EXATE LED

The Kanlux EXATE LED 38W CCT ceiling light retains the modern, minimalist character typical of this range, while its slim metallic rings subtly enhance its form. The fitting offers adjustable colour temperature (3000K / 4000K / 6500K), dimming functionality, and a night mode, with convenient remote control making it easy to tailor the lighting to everyday needs. With a diameter of 470 mm and an elegant finish, it is well suited to contemporary, spacious interiors where both design and user comfort matter.
