Kanlux ANTEM je rad LED reflektorov. Tieto reflektory sa predovšetkým ľahko pripájajú a vďaka integrovanej prepojovacej krabici sa taktiež vyhýbame nevzhľadnému káblovému pripojeniu. Kanlux ANTEM LED je široký rozsah výkonov od 10 W do 100 W, rovnako ako verzie so senzormi pohybu a bez nich. Mliečny difúzor s jemným hranolom jemne rozptyľuje svetlo a znižuje efekt oslnenia. Verzia bez senzoru pohybu má stupeň krytia IP65 a verzia so senzorom IP44. Senzor môžete nastaviť z hľadiska doby osvetlenia, intenzity svetla a detekčnej oblasti.

- Materiál korpusu: hliníková zliatina
- Materiál ochranného skla: tvrdené sklo
- Materiál ramena: kov
