Kanlux MINI RITI is a smaller, slightly lower version of the popular Kanlux RITI luminaire. We prepared it in two versions - black and white, but each of them has several reflector colours - white, black or gold. We are sure that such a wide choice ensures that Kanlux MINI RITI can more easily be adapted to the type of interior in which it is placed. If you want to go for extravagance, you can combine different colours of the luminaires or combine them with Kanlux RITI. Together, they will create a harmonious yet unusual room luminaire. Kanlux MINI RITI can also be combined with Kanlux RITI REF reflectors.
