The Kanlux JUSI E27 table lamp can be successfully used as a desk lamp, bedside lamp, or as additional room lighting. The design of this lamp is so universal that it will fit perfectly into a youth room as well as a living room or bedroom. We decide on the power of light ourselves thanks to the possibility of replacing the bulb with E27 cap. A steel housing and a switch mounted on the power cord are its additional advantages. A novelty is the possibility of tilting the arm by 40 degrees, the lampshade itself can be tilted additionally by 180 degrees.
