EXTREMELY efficient Kanlux XLED EX G45 3,8W light sources are equivalent to 60W incandescent bulbs. Their outstanding luminous efficacy (212 lumens per watt) makes these light sources 15 times more efficient than their traditional, standard antecedents. A 5-year warranty, 50,000 hours of durability and 50,000 ON/OFF cycles are additional advantages. What's more, the Kanlux XLED EX G45 has a glass bulb and filament 'rods' that make it similar to traditional incandescent bulbs but incorporates the latest advances in LED technology.
