Facade luminaire

5905339391803

Kanlux REFAZI are modern façade luminaires that combine simple form with effective lighting. They come in two variants – flat, emitting light from four sides, and semi-circular, shining up and down with an additional accent at the front. The neutral 4000 K light colour accentuates the building's structure, and the IP54 protection rate guarantees resistance to outdoor conditions. The luminaires are available in three colours – white, black and graphite – and are an aesthetic and functional addition to modern façades at an attractive price.
