

28300 BIURO+ 04-0011-100

Floor installation box

5905339283009

Floor box designed for installation in technical floors. The box provides space for 6 full 45 modules. The model is characterised by second protection class owing to the plastic base. Latch lock, meant to protect the cables against damage, is another advantage of the cover construction. Floor box of BIURO plus series allows for adjusting the embedment depth, which in turn improves the bending safety of connected cables. We can choose out of three types of covers: full plastic, plastic with stainless steel finish and cover to be filled in with material (maximum thickness of inserted material: 7mm).

PRODUCT PARAMETERS:

Colour: anthracite
Place of assembly: mounted on the ground
Length [mm]: 245
Width [mm]: 225
Height [mm]: 110
Rated voltage [V]: 250 AC
Rated current [A]: 16
Rated frequency [Hz]: 50
Class of protection against electric shock: II
Number of modules: 12
IP class: 20

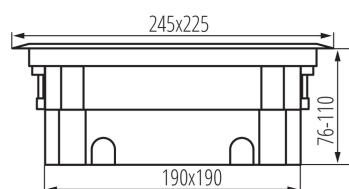

LOGISTIC DATA:

Packaging method: 8
Number of units in the packaging: 8
Net unit weight [g]: 2100
Grammage [g]: 2296.25
Length of a unit pack [cm]: 27
Width of a unit pack [cm]: 25.5
Height of a unit pack [cm]: 11
Weight of a cardboard box [kg]: 18.37
Width of a cardboard box [cm]: 30
Height of a cardboard box [cm]: 48
